PRIMARY SCHOOLS SPORT FUNDING for 19/20

The Government have continued to commit to providing Sports Premium Funding until 2021 to enhance the PE curriculum in Primary school. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to the primary schools budget to spend on improving the quality of sport for all children and to impact on health and wellbeing.

The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase. All schools will continue to receive a lump sum of £16,000 plus a premium of £10 per pupil in 2019/20

For the academic year 2019/20, Stoke Canon will receive **£16,910** through the PE and Sports grant.

HOW DID STOKE CANON PRIMARY SCHOOL USE SPORTS FUNDING IN 2018/19

Increasing Sporting Opportunities

Subsidising a multi sports club for pupils in reception and year 1, to encourage pupils to become involved in the school's 'club' system of after school PE provision.

Subsidising an after-school Football club for Years 3 to 6 and promoting inter-school sports

Paying for additional Sport with specialists within the curriculum

To increase opportunities for children to take part in dance and opportunities to perform

Booking swimming pool and gym to ensure good coverage of swimming and gymnastics curriculum and using facilities that children would be unable to access on the school site.

Giving access to a range of sporting activities that included cyclocross,tri-golf, athletics and many others.

Subsidising OAA activities including forest school.

Sports Equipment

We updated our sports equipment and purchased new equipment for the EYFS, intervention groups and general playtime equipment e.g table tennis table

Securing Good Sports Coaching

To buy in additional specialist coaching for swimming so that all year 1 to 6 can benefit from swimming lessons

In 18/19 the % of children in year 6 able to swim 25m was 100%

To secure specialist coaching for

Ensuring that teaching staff have appropriate training.

Competitive Sport Opportunities

The school took part in many sports enrichment opportunities, fixtures (against other schools) and tournaments in 2018/19 and to enable this regularly hired a minibus or buses.

In 2018/19 we accessed a number of Sporting Opportunities with St Luke's High School which have provided a greater range of sporting opportunities alongside Clyst Vale events.

WHAT IMPACT DID THE SPENDING HAVE ?

By subsidising gymnastics, football and multi-sports we are developing a culture where staying after school for a sports club is seen more as 'the norm' and as a result that children's activity level increases and they develop an enthusiastic attitude towards participation and competition in sport. Teachers also run KS2 after school sports clubs and we also buy in specialist coaches for team sports.

The main budget is used for core swimming lessons but Sports Premium is used to subsidise booking the swimming pool and gym which impacts on children's enthusiasm towards participation in sport by using excellent facilities. We are able to teach swimming in each year group from year 1 so many children can swim by the time they leave Key Stage 1. **In 18/19 100% of Children who attended swimming could swim 25m in Year 6**

All teachers are now well trained in PE (in gymnastics, dance, games and outdoor and adventurous activities) and are enthused to teach their own PE lessons rather than relying solely on sports coaches.

Increasing the amount of sporting enrichment activities for pupils by hiring a minibus has continued to have an impact on pupils' self-esteem and team working skills. Over the year, there were many extra-curricular opportunities in swimming, running (Clyst Vale fun run), football, tag rugby, netball, cricket and athletics.

HOW DOES THE SCHOOL INTEND TO SPEND 2019/20 FUNDING ?

We have received the good news that the Sports Funding will stay at its current level for 19/20 and that this will continue until 2020. Our forecast amount for 19/20 is

Proposed Activity/Resource Spend	Proposed Expenditure
Gymnastics and Swimming Costs (core swimming is financed through the school budget share)	£1800
Curriculum Enhancement (Specialist PE provision) including teacher CPD	£3600
After School Clubs-subsidised	£1280
St Lukes Sports Partnership	£1100
Extra-curricular activities including transport	£1000
Outdoor Activities and Forest School (subsidy)-Transport to Forest School	£450
PE Equipment and PE kit-New mats and trolley plus small benches. Pop up goals for playground.	£1380

TA time to support sports intervention and OT	£3000
Opportunities for Dance and to perform at the Showdown Events	£800
PSHE/ Health materials to support new PSHE requirements	£500
Total Expenditure	£16910

Impact in Autumn Term 19/20

The new membership of the St Lukes Sports Partnership has given access to CPD for staff and a range of opportunities for children including provision for a wide range of competitive and non-competitive events that includes all pupils including those on the SEND register. The partnership has also provided opportunities for sports leadership and playground games development. The pupils are now sharing ideas for new games across other year groups during lunchtimes and breaktimes.
